Herefordshire Council in partnership with Keep Herefordshire Warm are highlighting the problems with fuel poverty in Herefordshire and the help currently available. Herefordshire was defined as having the third worst percentage of people living in fuel poverty in the country. Keep Herefordshire Warm offers free home energy advice and support. The Clerk has put some information on the website and leaflets are available.

The Locality Steward is looking at having the bus stop sign replaced and possibly moving it to a safer place on the B4348 at the junction with the U75402 at Vowchurch Common, where people currently stand. After researching on google earth the Locality Steward queried whether a directional sign to Michaelchurch, Craswall etc. was ever in fact at this junction. It was agreed that Councillors do not remember seeing one.

Correspondence has been received regarding oversized vehicles continuing to use the U75402 to Vowchurch Common with a suggestion of writing to the Vowchurch Community to highlight the problem. It was agreed to look at this once the new sign has been erected. As previously advised the

Council are unable to help with any enforceable restrictions and would suggest that it is the owner's responsibility to protect their own property.

Since the last meeting another local resident has met with the landowner to try to reach a compromise with the proposed route and for some time it was felt that an agreement had been reached. The landowner has since advised the Parish Council that their comments are now out of date as the route has been changed after recommendations from the Open Spaces Society. The Parish Council had not been aware of the new proposed route. As such the agreed response has not been sent to the Public Rights of Way Officer.

It was suggested that the Public Rights of Way Officer now makes the order for a full consultation to take place when the Parish Council and local residents can make comment. **All agreed.**
